CHAPTER I

SUBJECT MATTER

Article 1

This Regulation lays down measures for the implementation of certain provisions of Titles I to V, and VII to XII of Directive 2006/112/EC.

CHAPTER II

SCOPE

(TITLE I OF DIRECTIVE 2006/112/EC)

Article 2

The following shall not result in intra-Community acquisitions within the meaning of point (b) of Article 2(1) of Directive 2006/112/EC:

- (a) the transfer of a new means of transport by a non-taxable person upon change of residence provided that the exemption provided for in point (a) of Article 138(2) of Directive 2006/112/EC could not apply at the time of supply;
- (b) the return of a new means of transport by a non-taxable person to the Member State from which it was initially supplied to him under the exemption provided for in point (a) of Article 138(2) of Directive 2006/112/EC.

Article 3

Without prejudice to point (b) of the first paragraph of Article 59a of Directive 2006/112/EC, the supply of the following services is not subject to VAT if the supplier demonstrates that the place of supply determined in accordance with Subsections 3 and 4 of Section 4 of Chapter V of this Regulation is outside the Community:

- (a) from 1 January 2013, the service referred to in the first subparagraph of Article 56(2) of Directive 2006/112/EC;
- (b) from 1 January 2015, the services listed in Article 58 of Directive 2006/112/EC;

▼B

(c) the services listed in Article 59 of Directive 2006/112/EC.

Article 4

A taxable person who is entitled to non-taxation of his intra-Community acquisitions of goods, in accordance with Article 3 of Directive 2006/112/EC, shall remain so where, pursuant to Article 214(1)(d) or (e) of that Directive, a VAT identification number has been attributed to that taxable person for the services received for which he is liable to pay VAT or for the services supplied by him within the territory of another Member State for which VAT is payable solely by the recipient.

However, if that taxable person communicates this VAT identification number to a supplier in respect of an intra-Community acquisition of goods, he shall be deemed to have exercised the option provided for in Article 3(3) of that Directive.

CHAPTER III

TAXABLE PERSONS**(TITLE III OF DIRECTIVE 2006/112/EC)***Article 5*

A European Economic Interest Grouping (EEIG) constituted in accordance with Regulation (EEC) No 2137/85 which supplies goods or services for consideration to its members or to third parties shall be a taxable person within the meaning of Article 9(1) of Directive 2006/112/EC.

CHAPTER IV

TAXABLE TRANSACTIONS**(TITLE IV OF DIRECTIVE 2006/112/EC)****▼M5***SECTION 1****Supply of goods******(Articles 14 to 19 of Directive 2006/112/EC)****Article 5a*

For the application of Article 14(4) of Directive 2006/112/EC, goods shall be considered to have been dispatched or transported by or on behalf of the supplier, including where the supplier intervenes indirectly in the dispatch or transport of the goods, in particular in the following cases:

▼M5

- (a) where the dispatch or transport of the goods is subcontracted by the supplier to a third party who delivers the goods to the customer;
- (b) where the dispatch or transport of the goods is provided by a third party but the supplier bears either the total or partial responsibility for the delivery of the goods to the customer;
- (c) where the supplier invoices and collects the transport fees from the customer and further remits them to a third party who will arrange the dispatch or transport of the goods;
- (d) where the supplier promotes by any means the delivery services of a third party to the customer, puts the customer and a third party in contact or otherwise provides to a third party the information needed for the delivery of the goods to the consumer.

However, goods shall not be considered to have been dispatched or transported by or on behalf of the supplier where the customer transports the goods himself or where the customer arranges the delivery of the goods with a third person and the supplier does not intervene directly or indirectly to provide or to help organise the dispatch or transport of those goods.

Article 5b

For the application of Article 14a of Directive 2006/112/EC, the term 'facilitates' means the use of an electronic interface to allow a customer and a supplier offering goods for sale through the electronic interface to enter into contact which results in a supply of goods through that electronic interface.

However, a taxable person is not facilitating a supply of goods where all of the following conditions are met:

- (a) that taxable person does not set, either directly or indirectly, any of the terms and conditions under which the supply of goods is made;
- (b) that taxable person is not, either directly or indirectly, involved in authorising the charge to the customer in respect of the payment made;
- (c) that taxable person is not, either directly or indirectly, involved in the ordering or delivery of the goods.

Article 14a of Directive 2006/112/EC shall not apply to a taxable person who only provides any of the following:

- (a) the processing of payments in relation to the supply of goods;

▼M5

- (b) the listing or advertising of goods;
- (c) the redirecting or transferring of customers to other electronic interfaces where goods are offered for sale, without any further intervention in the supply.

Article 5c

For the application of Article 14a of Directive 2006/112/EC, a taxable person, who is deemed to have received and supplied the goods himself, shall not be held liable for the payment of VAT in excess of the VAT which he declared and paid on these supplies where all of the following conditions are met:

- (a) the taxable person is dependent on information provided by suppliers selling goods through an electronic interface or by other third parties in order to correctly declare and pay the VAT on those supplies;
- (b) the information referred to in point (a) is erroneous;
- (c) the taxable person can demonstrate that he did not and could not reasonably know that this information was incorrect.

Article 5d

Unless he has information to the contrary, the taxable person deemed to have received and supplied the goods pursuant to Article 14a of Directive 2006/112/EC shall regard:

- (a) the person selling goods through an electronic interface as a taxable person;
- (b) the person buying those goods as a non-taxable person.

Restaurant services are the supply of such services on the premises of the supplier, and catering services are the supply of such services off the premises of the supplier.

2. The supply of prepared or unprepared food or beverages or both, whether or not including transport but without any other support services, shall not be considered restaurant or catering services within the meaning of paragraph 1.

- (u) accommodation, car-hire, restaurant services, passenger transport or similar services booked online.

▼B*Article 8*

If a taxable person only assembles the various parts of a machine all of which were provided to him by his customer, that transaction shall be a supply of services within the meaning of Article 24(1) of Directive 2006/112/EC.

Article 9

The sale of an option, where such a sale is a transaction falling within the scope of point (f) of Article 135(1) of Directive 2006/112/EC, shall be a supply of services within the meaning of Article 24(1) of that Directive. That supply of services shall be distinct from the underlying transactions to which the services relate.

▼M2*Article 9a*

1. For the application of Article 28 of Directive 2006/112/EC, where electronically supplied services are supplied through a telecommunications network, an interface or a portal such as a marketplace for applications, a taxable person taking part in that supply shall be presumed to be acting in his own name but on behalf of the provider of those services unless that provider is explicitly indicated as the supplier by that taxable person and that is reflected in the contractual arrangements between the parties.

In order to regard the provider of electronically supplied services as being explicitly indicated as the supplier of those services by the taxable person, the following conditions shall be met:

- (a) the invoice issued or made available by each taxable person taking part in the supply of the electronically supplied services must identify such services and the supplier thereof;
- (b) the bill or receipt issued or made available to the customer must identify the electronically supplied services and the supplier thereof.

For the purposes of this paragraph, a taxable person who, with regard to a supply of electronically supplied services, authorises the charge to the customer or the delivery of the services, or sets the general terms and conditions of the supply, shall not be permitted to explicitly indicate another person as the supplier of those services.

2. Paragraph 1 shall also apply where telephone services provided through the internet, including voice over internet Protocol (VoIP), are supplied through a telecommunications network, an interface or a portal such as a marketplace for applications and are supplied under the same conditions as set out in that paragraph.

3. This Article shall not apply to a taxable person who only provides for processing of payments in respect of electronically supplied services or of telephone services provided through the internet, including voice

▼M2

over internet Protocol (VoIP), and who does not take part in the supply of those electronically supplied services or telephone services.

CHAPTER V

PLACE OF TAXABLE TRANSACTIONS

SECTION 1

*Concepts**Article 10*

1. For the application of Articles 44 and 45 of Directive 2006/112/EC, the place where the business of a taxable person is established shall be the place where the functions of the business's central administration are carried out.

2. In order to determine the place referred to in paragraph 1, account shall be taken of the place where essential decisions concerning the general management of the business are taken, the place where the registered office of the business is located and the place where management meets.

Where these criteria do not allow the place of establishment of a business to be determined with certainty, the place where essential decisions concerning the general management of the business are taken shall take precedence.

3. The mere presence of a postal address may not be taken to be the place of establishment of a business of a taxable person.

Article 11

1. For the application of Article 44 of Directive 2006/112/EC, a 'fixed establishment' shall be any establishment, other than the place of establishment of a business referred to in Article 10 of this Regulation, characterised by a sufficient degree of permanence and a suitable structure in terms of human and technical resources to enable it to receive and use the services supplied to it for its own needs.

2. For the application of the following Articles, a 'fixed establishment' shall be any establishment, other than the place of establishment of a business referred to in Article 10 of this Regulation, characterised by a sufficient degree of permanence and a suitable structure in terms of human and technical resources to enable it to provide the services which it supplies:

- (a) Article 45 of Directive 2006/112/EC;
- (b) from 1 January 2013, the second subparagraph of Article 56(2) of Directive 2006/112/EC;
- (c) until 31 December 2014, Article 58 of Directive 2006/112/EC;

▼B

(d) Article 192a of Directive 2006/112/EC.

3. The fact of having a VAT identification number shall not in itself be sufficient to consider that a taxable person has a fixed establishment.

Article 12

For the application of Directive 2006/112/EC, the ‘permanent address’ of a natural person, whether or not a taxable person, shall be the address entered in the population or similar register, or the address indicated by that person to the relevant tax authorities, unless there is evidence that this address does not reflect reality.

Article 13

The place where a natural person ‘usually resides’, whether or not a taxable person, as referred to in Directive 2006/112/EC shall be the place where that natural person usually lives as a result of personal and occupational ties.

Where the occupational ties are in a country different from that of the personal ties, or where no occupational ties exist, the place of usual residence shall be determined by personal ties which show close links between the natural person and a place where he is living.

▼M2*Article 13a*

The place where a non-taxable legal person is established, as referred to in the first subparagraph of Article 56(2) and Articles 58 and 59 of Directive 2006/112/EC, shall be:

- (a) the place where the functions of its central administration are carried out; or
- (b) the place of any other establishment characterised by a sufficient degree of permanence and a suitable structure in terms of human and technical resources to enable it to receive and use the services supplied to it for its own needs.

Article 13b

For the application of Directive 2006/112/EC, the following shall be regarded as ‘immovable property’:

- (a) any specific part of the earth, on or below its surface, over which title and possession can be created;
- (b) any building or construction fixed to or in the ground above or below sea level which cannot be easily dismantled or moved;

▼ M2

- (c) any item that has been installed and makes up an integral part of a building or construction without which the building or construction is incomplete, such as doors, windows, roofs, staircases and lifts;
- (d) any item, equipment or machine permanently installed in a building or construction which cannot be moved without destroying or altering the building or construction.

▼ B*SECTION 2**Place of supply of goods**(Articles 31 to 39 of Directive 2006/112/EC)***▼ M5****▼ B***Article 15*

The section of a passenger transport operation effected within the Community referred to in Article 37 of Directive 2006/112/EC, shall be determined by the journey of the means of transport and not by the journey completed by each of the passengers.

*SECTION 3**Place of intra-Community acquisitions of goods**(Articles 40, 41 and 42 of Directive 2006/112/EC)**Article 16*

Where an intra-Community acquisition of goods within the meaning of Article 20 of Directive 2006/112/EC has taken place, the Member State in which the dispatch or transport ends shall exercise its power of taxation irrespective of the VAT treatment applied to the transaction in the Member State in which the dispatch or transport began.

Any request by a supplier of goods for a correction in the VAT invoiced by him and reported by him to the Member State where the dispatch or transport of the goods began shall be treated by that Member State in accordance with its own domestic rules.

*SECTION 4**Place of supply of services**(Articles 43 to 59 of Directive 2006/112/EC)*

Subsection 1

Status of the customer*Article 17*

1. If the place of supply of services depends on whether the customer is a taxable or non-taxable person, the status of the customer shall be determined on the basis of Articles 9 to 13 and Article 43 of Directive 2006/112/EC.

2. A non-taxable legal person who is identified or required to be identified for VAT purposes under point (b) of Article 214(1) of Directive 2006/112/EC because his intra-Community acquisitions of goods are subject to VAT or because he has exercised the option of making those operations subject to VAT shall be a taxable person within the meaning of Article 43 of that Directive.

Article 18

1. Unless he has information to the contrary, the supplier may regard a customer established within the Community as a taxable person:

- (a) where the customer has communicated his individual VAT identification number to him, and the supplier obtains confirmation of the validity of that identification number and of the associated name and address in accordance with Article 31 of Council Regulation (EC) No 904/2010 of 7 October 2010 on administrative cooperation and combating fraud in the field of value added tax ⁽¹⁾;
- (b) where the customer has not yet received an individual VAT identification number, but informs the supplier that he has applied for it and the supplier obtains any other proof which demonstrates that the customer is a taxable person or a non-taxable legal person required to be identified for VAT purposes and carries out a reasonable level of verification of the accuracy of the information provided by the customer, by normal commercial security measures such as those relating to identity or payment checks.

⁽¹⁾ OJ L 268, 12.10.2010, p. 1.

▼B

2. Unless he has information to the contrary, the supplier may regard a customer established within the Community as a non-taxable person when he can demonstrate that the customer has not communicated his individual VAT identification number to him.

▼M2

However, irrespective of information to the contrary, the supplier of telecommunications, broadcasting or electronically supplied services may regard a customer established within the Community as a non-taxable person as long as that customer has not communicated his individual VAT identification number to him.

▼B

3. Unless he has information to the contrary, the supplier may regard a customer established outside the Community as a taxable person:

- (a) if he obtains from the customer a certificate issued by the customer's competent tax authorities as confirmation that the customer is engaged in economic activities in order to enable him to obtain a refund of VAT under Council Directive 86/560/EEC of 17 November 1986 on the harmonization of the laws of the Member States relating to turnover taxes – Arrangements for the refund of value added tax to taxable persons not established in Community territory ⁽¹⁾;
- (b) where the customer does not possess that certificate, if the supplier has the VAT number, or a similar number attributed to the customer by the country of establishment and used to identify businesses or any other proof which demonstrates that the customer is a taxable person and if the supplier carries out a reasonable level of verification of the accuracy of the information provided by the customer, by normal commercial security measures such as those relating to identity or payment checks.

Subsection 2

Capacity of the customer

Article 19

For the purpose of applying the rules concerning the place of supply of services laid down in Articles 44 and 45 of Directive 2006/112/EC, a taxable person, or a non-taxable legal person deemed to be a taxable

⁽¹⁾ OJ L 326, 21.11.1986, p. 40.

▼B

person, who receives services exclusively for private use, including use by his staff, shall be regarded as a non-taxable person.

Unless he has information to the contrary, such as information on the nature of the services provided, the supplier may consider that the services are for the customer's business use if, for that transaction, the customer has communicated his individual VAT identification number.

Where one and the same service is intended for both private use, including use by the customer's staff, and business use, the supply of that service shall be covered exclusively by Article 44 of Directive 2006/112/EC, provided there is no abusive practice.

Subsection 3

Location of the customer

Article 20

Where a supply of services carried out for a taxable person, or a non-taxable legal person deemed to be a taxable person, falls within the scope of Article 44 of Directive 2006/112/EC, and where that taxable person is established in a single country, or, in the absence of a place of establishment of a business or a fixed establishment, has his permanent address and usually resides in a single country, that supply of services shall be taxable in that country.

The supplier shall establish that place based on information from the customer, and verify that information by normal commercial security measures such as those relating to identity or payment checks.

The information may include the VAT identification number attributed by the Member State where the customer is established.

Article 21

Where a supply of services to a taxable person, or a non-taxable legal person deemed to be a taxable person, falls within the scope of Article 44 of Directive 2006/112/EC, and the taxable person is established in more than one country, that supply shall be taxable in the country where that taxable person has established his business.

However, where the service is provided to a fixed establishment of the taxable person located in a place other than that where the customer has established his business, that supply shall be taxable at the place of the fixed establishment receiving that service and using it for its own needs.

▼B

Where the taxable person does not have a place of establishment of a business or a fixed establishment, the supply shall be taxable at his permanent address or usual residence.

Article 22

1. In order to identify the customer's fixed establishment to which the service is provided, the supplier shall examine the nature and use of the service provided.

Where the nature and use of the service provided do not enable him to identify the fixed establishment to which the service is provided, the supplier, in identifying that fixed establishment, shall pay particular attention to whether the contract, the order form and the VAT identification number attributed by the Member State of the customer and communicated to him by the customer identify the fixed establishment as the customer of the service and whether the fixed establishment is the entity paying for the service.

Where the customer's fixed establishment to which the service is provided cannot be determined in accordance with the first and second subparagraphs of this paragraph or where services covered by Article 44 of Directive 2006/112/EC are supplied to a taxable person under a contract covering one or more services used in an unidentifiable and non-quantifiable manner, the supplier may legitimately consider that the services have been supplied at the place where the customer has established his business.

2. The application of this Article shall be without prejudice to the customer's obligations.

Article 23

1. From 1 January 2013, where, in accordance with the first subparagraph of Article 56(2) of Directive 2006/112/EC, a supply of services is taxable at the place where the customer is established, or, in the absence of an establishment, where he has his permanent address or usually resides, the supplier shall establish that place based on factual information provided by the customer, and verify that information by normal commercial security measures such as those relating to identity or payment checks.

2. Where, in accordance with Articles 58 and 59 of Directive 2006/112/EC, a supply of services is taxable at the place where the customer is established, or, in the absence of an establishment, where he has his permanent address or usually resides, the supplier shall establish that place based on factual information provided by the customer, and verify that information by normal commercial security measures such as those relating to identity or payment checks.

▼M2*Article 24*

Where services covered by the first subparagraph of Article 56(2) or Articles 58 and 59 of Directive 2006/112/EC are supplied to a non-taxable person who is established in more than one country or who has

▼ M2

his permanent address in one country and his usual residence in another, priority shall be given:

- (a) in the case of a non-taxable legal person, to the place referred to in point (a) of Article 13a of this Regulation, unless there is evidence that the service is used at the establishment referred to in point (b) of that article;
- (b) in the case of a natural person, to the place where he usually resides, unless there is evidence that the service is used at his permanent address.

Subsection 3a

Presumptions for the location of the customer

Article 24a

1. For the application of Articles 44, 58 and 59a of Directive 2006/112/EC, where a supplier of telecommunications, broadcasting or electronically supplied services provides those services at a location such as a telephone box, a telephone kiosk, a wi-fi hot spot, an internet café, a restaurant or a hotel lobby where the physical presence of the recipient of the service at that location is needed for the service to be provided to him by that supplier, it shall be presumed that the customer is established, has his permanent address or usually resides at the place of that location and that the service is effectively used and enjoyed there.

2. If the location referred to in paragraph 1 of this Article is on board a ship, aircraft or train carrying out a passenger transport operation effected within the Community pursuant to Articles 37 and 57 of Directive 2006/112/EC, the country of the location shall be the country of departure of the passenger transport operation.

▼ M3

Article 24b

For the application of Article 58 of Directive 2006/112/EC, where telecommunications, broadcasting or electronically supplied services are supplied to a non-taxable person:

- (a) through his fixed land line, it shall be presumed that the customer is established, has his permanent address or usually resides at the place of installation of the fixed land line;
- (b) through mobile networks, it shall be presumed that the place where the customer is established, has his permanent address or usually resides is the country identified by the mobile country code of the SIM card used when receiving those services;
- (c) for which the use of a decoder or similar device or a viewing card is needed and a fixed land line is not used, it shall be presumed that the customer is established, has his permanent address or usually

▼ M3

resides at the place where that decoder or similar device is located, or if that place is not known, at the place to which the viewing card is sent with a view to being used there;

- (d) under circumstances other than those referred to in Article 24a and in points (a), (b) and (c) of this Article, it shall be presumed that the customer is established, has his permanent address or usually resides at the place identified as such by the supplier on the basis of two items of non-contradictory evidence as listed in Article 24f of this Regulation.

The Commission shall inform the other Member States of the information received from Member States.

3. Where direct exemption is applied in the Member State in which the supply takes place, the supplier shall obtain the certificate referred to in paragraph 1 of this Article from the recipient of the goods or services and retain it as part of his records. If the exemption is granted by means of a refund of the VAT, pursuant to Article 151(2) of Directive 2006/112/EC, the certificate shall be attached to the request for refund submitted to the Member State concerned.

Subsection 4
Identification

Article 57d

1. Where a taxable person informs the Member State of identification that he intends to make use of the non-Union or the Union scheme, that special scheme shall apply as from the first day of the following calendar quarter.

However, where the first supply of goods or services to be covered by the non-Union scheme or the Union scheme takes place before that date, the special scheme shall apply from the date of that first supply, provided the taxable person informs the Member State of identification of the commencement of his activities to be covered by the scheme no later than the tenth day of the month following that first supply.

2. Where a taxable person or an intermediary acting on his behalf informs the Member State of identification that he intends to make use of the import scheme, that special scheme shall apply from the day the taxable person or the intermediary has been allocated the individual VAT identification number for the import scheme as laid down in Article 369q(1) and (3) of Directive 2006/112/EC.

Article 57e

The Member State of identification shall identify the taxable person using the Union scheme by means of his VAT identification number referred to in Articles 214 and 215 of Directive 2006/112/EC.

The individual identification number allocated to an intermediary pursuant to Article 369q(2) of Directive 2006/112/EC shall enable him to act as intermediary on behalf of taxable persons making use of the import scheme. However, this number cannot be used by the intermediary to declare VAT on taxable transactions.

Article 57f

1. Where a taxable person using the Union scheme ceases to meet the conditions of the definition laid down in point (2) of Article 369a of Directive 2006/112/EC, the Member State in which he has been identified shall cease to be the Member State of identification.

Where the taxable person using the Union scheme for the supply of goods is not established in the Community, he shall indicate as the new Member State of identification a Member State from which he dispatches or transports goods.

▼ **M5**

Where the Member State of identification changes in accordance with the second subparagraph, that change shall apply from the date on which the taxable person ceases to have a place of business or a fixed establishment in the Member State previously indicated as the Member State of identification or from the date on which that taxable person ceases to dispatch or transport goods from that Member State.

2. Where a taxable person using the import scheme or an intermediary acting on his behalf ceases to meet the conditions laid down in points (b) to (e) of point (3) of the second paragraph of Article 369l of Directive 2006/112/EC, the Member State in which the taxable person or his intermediary has been identified shall cease to be the Member State of identification.

Where the Member State of identification changes in accordance with the second subparagraph, that change shall apply from the date on which the taxable person or his intermediary ceases to have a place of business or a fixed establishment in the Member State previously indicated as the Member State of identification.

Article 57g

1. A taxable person using the non-Union or the Union scheme may cease using those special schemes regardless of whether he continues to supply goods or services which can be eligible for those special schemes. The taxable person shall inform the Member State of identification at least 15 days before the end of the calendar quarter prior to that in which he intends to cease using the scheme. Cessation shall be effective as of the first day of the next calendar quarter.

VAT obligations relating to supplies of goods or services arising after the date on which the cessation became effective shall be discharged directly with the tax authorities of the Member State of consumption concerned.

2. A taxable person using the import scheme may cease using that scheme regardless of whether he continues to carry out distance sales of goods imported from third territories or third countries. The taxable person or the intermediary acting on his behalf shall inform the Member State of identification at least 15 days before the end of the month prior to that in which he intends to cease using the scheme. Cessation shall be effective from the first day of the next month and the taxable person shall no longer be allowed to use the scheme for supplies carried out from that day.

- (b) any changes to his activities covered by a special scheme whereby he no longer meets the conditions necessary for using that special scheme;
- (c) any changes to the information previously provided to the Member State of identification.

2. Where the Member State of identification changes in accordance with Article 57f, the taxable person or the intermediary acting on his behalf shall inform both relevant Member States of the change no later than the tenth day of the month following that change. He shall communicate to the new Member State of identification the registration details required when a taxable person makes use of a special scheme for the first time.

▼ **M5**

3. The exclusion of a taxable person from the import scheme shall be effective from the first day of the month following the day on which the decision on exclusion is sent by electronic means to the taxable person except for following situations:

- (a) where the exclusion is due to a change of his place of business or fixed establishment, in which case the exclusion shall be effective from the date of that change;
- (b) where the exclusion is due to his persistent failure to comply with the rules of this scheme, in which case the exclusion shall be effective from the day following that on which the decision on exclusion is sent by electronic means to the taxable person.

4. Except for the situation covered by point (b) of paragraph 3, the individual VAT identification number allocated for the use of the import scheme shall remain valid for the period of time needed to import the goods that were supplied prior to the date of exclusion, which may however not exceed two months as from that date.

5. Where an intermediary meets one of the criteria for deletion laid down in Article 369r(2) of Directive 2006/112/EC, the Member State of identification shall delete that intermediary from the identification register and shall exclude the taxable persons represented by that intermediary from the import scheme.

Only the Member State of identification can delete an intermediary from the identification register.

The Member State of identification shall base its decision on deletion on any information available, including information provided by any other Member State.

The deletion of an intermediary from the identification register shall be effective from the first day of the month following the day on which the decision on deletion is sent by electronic means to the intermediary and the taxable persons he represents, except in the following situations:

- (a) where the deletion is due to a change of his place of business or fixed establishment, in which case the deletion shall be effective as from the date of that change;
- (b) where the deletion of the intermediary is due to his persistent failure to comply with the rules of the import scheme, in which case the deletion shall be effective as from the day following that on which the decision on deletion is sent by electronic means to the intermediary and the taxable persons he represents.

This cessation shall not preclude him from using a special scheme if he recommences his activities covered by any scheme.

Article 58b

1. Where a taxable person is excluded from one of the special schemes for persistent failure to comply with the rules relating to that scheme, that taxable person shall remain excluded from using any of the special schemes in any Member State for two years following the return period during which the taxable person was excluded.

However, the first subparagraph shall not apply in respect of the import scheme where the exclusion was due to persistent failure to comply with the rules by the intermediary acting on behalf of the taxable person.

Where an intermediary is deleted from the identification register for persistent failure to comply with the rules of the import scheme, he shall not be allowed to act as an intermediary for two years following the month during which he was deleted from that register.

- (c) where, following a request from the Member State of identification and one month after a subsequent reminder by the Member State of identification, he or the intermediary acting on his behalf has failed to make electronically available the records referred to in Articles 369, 369k and 369x of Directive 2006/112/EC.

▼M5*Article 58c*

Article 59a

Where a taxable person using a special scheme has supplied no goods or services in any Member State of consumption under that special scheme during a return period and has no corrections to make in respect of previous returns, he or the intermediary acting on his behalf shall submit a VAT return indicating that no supplies have been made during that period (a nil-VAT return).

▼M5*Article 60*

Amounts on VAT returns made under the special schemes shall not be rounded up or down to the nearest whole monetary unit. The exact amount of VAT shall be reported and remitted.

Article 60a

The Member State of identification shall remind, by electronic means, taxable persons or intermediaries acting on their behalf who have failed to submit a VAT return under Articles 364, 369f or 369s of Directive 2006/112/EC of their obligation to submit such a return. The Member State of identification shall issue the reminder on the tenth day following that on which the return should have been submitted, and shall inform the other Member States by electronic means that a reminder has been issued.

Any subsequent reminders and steps taken to assess and collect the VAT shall be the responsibility of the Member State of consumption concerned.

*Article 61***▼M6**

1. Changes to the figures contained in a VAT return relating to periods up to and including the second return period in 2021 shall, after the submission of that VAT return, be made only by means of amendments to that return and not by adjustments in a subsequent return.

▼M5

2. The amendments referred to in paragraph 1 shall be submitted electronically to the Member State of identification within three years of the date on which the initial return was required to be submitted.

However, the rules of the Member State of consumption on assessments and amendments shall remain unaffected.

Article 61a

1. A taxable person or an intermediary acting on his behalf shall submit his final VAT return and any late submissions of previous returns, and the corresponding payments, to the Member State which was the Member State of identification at the time of the cessation, exclusion or change where:

Any subsequent adjustment to the amounts paid shall be effected by the taxable person or the intermediary acting on his behalf only by reference to that return and may neither be allocated to another return nor adjusted on a subsequent return. Each payment shall refer to the reference number of that specific return.

Article 63

A Member State of identification which receives a payment in excess of that resulting from the VAT return submitted under Articles 364, 369f or 369s of Directive 2006/112/EC shall reimburse the overpaid amount directly to the taxable person concerned or the intermediary acting on his behalf.

Where a Member State of identification has received an amount in respect of a VAT return subsequently found to be incorrect, and that Member State has already distributed that amount to the Member States of consumption, those Member States of consumption shall each reimburse their respective part of any overpaid amount directly to the taxable person or to the intermediary acting on his behalf.

However, where overpayments relate to periods up to and including the last return period in 2018, the Member State of identification shall reimburse the relevant portion of the corresponding part of the amount retained in accordance with Article 46(3) of Regulation (EU) No 904/2010 and the Member State of consumption shall reimburse the overpayment less the amount that shall be reimbursed by the Member State of identification.

The Member States of consumption shall, by electronic means, inform the Member State of identification of the amount of those reimbursements.

The Member State of identification shall by electronic means inform the Member States of consumption that the reminder has been sent.

▼M5

Any subsequent reminders and steps taken to collect the VAT shall be the responsibility of the Member State of consumption concerned. When such subsequent reminders have been issued by a Member State of consumption, the corresponding VAT shall be paid to that Member State.

The Member State of consumption shall, by electronic means, inform the Member State of identification that a reminder has been issued.

Article 63b

Where no VAT return has been submitted, or where the VAT return has been submitted late or is incomplete or incorrect, or where the payment of VAT is late, any interest, penalties or any other charges shall be calculated and assessed by the Member State of consumption. The taxable person or the intermediary acting on his behalf shall pay such interests, penalties or any other charges directly to the Member State of consumption.
